Quality Policy

We strive to be a **world class renowned fabricator** in terms of engineering capability, fabrication capability, timely delivery, quality of workmanship, and professional integrity. We work in a wide spectrum of engineering field that ranges from Power, Mining, Oil and Gas to Marine works.

Our employees are our **dearest asset**. We continuously ensure that all our employees are **well trained** and equipped with the **competency level** and resources to perform their **work efficiently** and **timely**. We encourage **team working** and we foster **family like spirit** in our organization.

We strive to ensure that our employees, stakeholders, shareholders and customers' interest and values are constantly protected and enhanced by ensuring **growth** and **profitability**. In doing so, everyone in our organization will **comply with ISO 9001 quality management system** and **continually improve** to deliver superior products and **support its strategic direction**.

We support global ESG initiatives as we are a socially **responsible** corporate entity both domestically and internationally. We are committed to work on **improvements on factors** relating to environmental, social and corporate governance that **will satisfy the applicable requirements**.
